To Whom It May Concern,

LETTER OF APPRECIATION

We take great pleasure in acknowledging that we have been a customer of TOP-MECH for almost a decade.

Throughout the years, we have purchased more than 20 units of Overhead Cranes from TOP-MECH, ranging up to 50 Tonne capacity and 40m Span.

Our nature of business in the Steel Industry requires the cranes to be put under heavy use. Hence, reliability and durability of the cranes are crucial to our production, from Cold Rolling to Galvanizing and Color Coating.

We are satisfied with the performance and durability of TOP-MECH's cranes, and most important of all, with the high level of After Sales Services provided by their Service Department.

We will not hesitate to recommend TOP-MECH's cranes to any of their prospective customers and if they maintain the current level of quality and services, we will certainly continue to maintain them as our cranes supplier.

Thank you.

Yours truly,

Dato' Soh Thian Lai
Managing Director
Yung Kong Galvanising Industries Bhd
